

Provincial Drug Administration Director Visits Hiray

Feb 17, 2022

Liu Rongshan, Director of the Hubei Provincial Drug Administration, and his delegation visited Hiray Pharma Solutions' state-of-the-art manufacturing facility in Jingmen, China. Director Liu Rongshan was joined by Jingmen Vice-Mayor Liu Guofang, along with leaders from the Jingmen Municipal Market Supervision Bureau and the Jingmen Branch of the Provincial Drug Administration. The purpose of their visit was to see firsthand Hiray Pharma Solutions' API production site. [Take a virtual tour!](#)

Director Liu Rongshan and Vice-Mayor Liu Guofang offered guidance on the development of HIRAY Pharma Solutions in terms of its investment and construction, green and sustainable high-quality process development, API export, and training of professional talent for quality pharmaceutical production.

Hiray Pharma Solutions Chairman, Max Chen, said HIRAY expressed HIRAY's determination to following the instructions and requirements of the leaders, committing to strengthening HIRAY's work

in the field of API production, to continue pioneering innovation, and accelerating the increase in production capacity. These measures will enhance HIRAY's international competitiveness and actively promote the construction of a "national-level API green production base" in Jingmen.
